## **WE WANT ACTIVE PARTNERS**

### ***To Our Seed Dealers :***

We want our Seed Dealers to be active partners with us in selling **Burpee's Seeds**, and in this Red List we know you will find compelling reasons for joining us in an endeavor to make 1936 a banner year for the sale of **Burpee's Seeds**.

It will be to our mutual advantage, because we share the profits with you, through **Burpee's Low Prices**, made low because of our greatly increased volume of business.

Read this book, compare the prices quoted with the retail prices you will get; remember also that your sales will be greatly stimulated by the **Annual Burpee Advertising Campaign** without a penny of cost to you; and you cannot fail to realize that here is an opportunity to make money.

We expend thousands of dollars annually in advertising **Burpee's Seeds—The Best Seeds that Grow**, and through the medium of the great Sunday newspapers and magazines, which go into millions of suburban homes located in every State of the Union, people everywhere know about **Burpee Quality**.

As a result of this, **Burpee's Seeds Sell Everywhere, because Favorably Known Everywhere.**

Thousands of Burpee dealers are successful, and we are grateful for the many letters testifying to that fact.

As your partner in selling, we are eager and ready at all times to help you make your seed business a success, and will forward to you all sales literature necessary.

### ***To Seedsmen and Buyers in Bulk :***

In presenting this, our wholesale catalogue for 1936, we send our cordial greetings, and assure you that we have assembled in our new home, The Burpee Buildings, 18th Street and Hunting Park Ave., Philadelphia, the largest stocks of seeds ever received in the history of our business; and we are offering all varieties at attractive prices. During 1935 we extended our seed-growing farms, and we are prepared to supply the wants of a largely increased number of wholesale customers. We feel confident that in the season of 1936 the demand for seeds will approximately equal the supply, and we advise early provision for your needs. See page 2 for our liberal business terms.

**Please note that this Red List is for the use of Dealers and Seedsmen only.**

Yours for Co-operation,

# Prices and Terms

## To Dealers and Seedsmen

### Wholesale Prices

Effective December 1, 1935, all invoices for purchases will be charged at the prices quoted in this Burpee Red List unless **special offers** are made by letter or telegram and referred to in the order. Order early—you cannot sell seeds if you do not have them.

We expect to adhere throughout the spring to the prices quoted herein, except where decisive changes require an adjustment of prices, in which case we shall be governed by the market. All goods are offered subject to prior sale, and we reserve the right to change prices without notice, if it should become necessary.

### Credit and Terms of Payment

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the Commercial Agencies. To regular customers and those of approved credit our terms are **60 days net**; 2% discount for cash in ten days from date of invoice or 3% discount when cash accompanies the order for Vegetable and Flower Seeds and Flower Bulbs. **No Discount** on Grass and Clover Seeds, Onion Sets, Potatoes, Vegetable Roots, Supplies, Bags, and Shipping Charges, which are **net cash**.

New customers, unless satisfactorily rated with the Commercial Agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied by cash.

Orders for seeds will be shipped C. O. D. upon receipt of a deposit of 25% of the value of the order. Due to their perishable nature, Bulbs and Roots cannot be shipped C. O. D.

Burpee's Seeds are always fresh and viable, because we do not receive old seeds back at the end of the season; therefore we have no old seeds to sell at any time. None of our seeds are returnable except in case of error in filling order.

### Packing

We make no charges for packing or cartage, but **Bags** and **Cases** will be charged at **current cost** and are not returnable.

### Retail Packets for Resale

To Dealers, we will supply in Retail Packets, Kraft bags, all the many varieties of Vegetable and Flower Seeds listed in the 1936 Burpee Annual Garden Book.

For varieties, Vegetables and Flowers, which we can supply in colored bags, see pages 4 and 5.

#### Discount from Retail Packet Prices

500 or more Packets.....	50%
100 to 499 " .....	45%

If less than 100 packets are wanted, discount allowed from retail packet price is 33⅓%.

All collections of vegetable and flower seeds offered in BURPEE'S ANNUAL FOR 1936 will be supplied at a discount of 25% for one or more.

Quarter-pounds, ounces, and fractional ounces except where priced in this Red List, will be invoiced at 40% discount from the retail prices. Sealed single pound packages, in any quantity, will be invoiced at the single pound rate. Half-pound packages, in any quantity, will be invoiced at one-half the single pound rate. Ten (10) pounds or more of a single variety will be invoiced at the 100 pound rate if ordered in bulk, except where stated otherwise. If bulbs or roots are wanted, we will allow you a 25% discount from the retail prices of separate varieties in small quantities; 20% discount on special bulb collection offers. If large quantities of bulbs or roots are wanted, write for special quotation. Twenty-five catalogs are supplied free with each \$100.00 worth of seed purchased. Quantities in excess of this quota can be supplied to dealer customers at a cost of 8¢ each.

None of these seeds are returnable. They are sold outright.

### We Do Not Commission Seeds

We do not send any seeds to any one on commission or consignment.

We give no warranty, expressed or implied, as to purity, description, quality, productiveness, or any other matter of any Seeds, Bulbs, or Roots supplied at Wholesale Prices, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once.

W. ATLEE BURPEE CO.

## Shipping Instructions

All prices quoted in this Red List are f.o.b. Philadelphia, Pa. All goods ordered at Wholesale Prices travel at the expense of the purchaser. If wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced.

With each order, please give **complete shipping instructions** if shipment is not to be made by parcel post. Give the name of your express or freight office and on which railroad you wish goods shipped. This will insure correct routing. After delivering the shipment to forwarders in good order (as shown by Bill of Lading), our responsibility ceases.

Marine insurance will be effected on foreign shipments only when so directed.

# Burpee's Seed Farms and Trial Grounds

Where all Burpee's Vegetables and Flowers are Grown and Tested

## Our Fordhook Seed Farms

Doylestown, Pennsylvania

The greatest responsibility devolving upon us, and the most exacting part of our business, is the testing for viability and trueness-to-type of many thousands of varieties of both vegetables and flowers before we offer them to our customers.

Fordhook is now internationally famous as the largest and most complete Trial and Experimental Farm in the world, comprising in all 800 acres. Under the direction of a staff of experts of long experience, many improved strains of both vegetables and flowers have been evolved and introduced to the American gardener.

Besides this plant breeding work, all Burpee's seeds sent out are thoroughly tested, so that they may have the backing of the **Famous Burpee Guarantee** (see page 2).

Every year some 22,000 individual tests are made and the results carefully tabulated. Each strain is carefully compared with all other strains of the same variety in cultivation.

Fordhook Farms are located within an hour's drive from Philadelphia. They are 24 miles directly north of Philadelphia, adjoining highway Route 611 leading from Philadelphia to Doylestown and Easton, and thence into the Poconos. You are cordially invited to visit Fordhook.

**Other Burpee Seed Farms**  
**Sanford, Fla. Lansing, Mich.**  
**Twin Falls, Idaho**

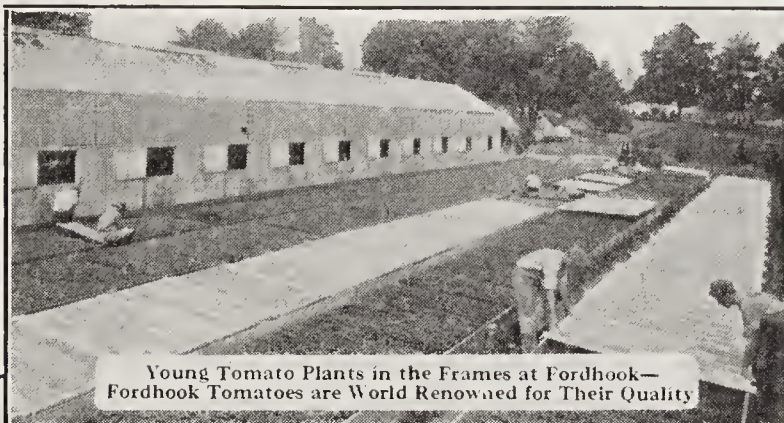

## Floradale Seed Farms

Ideally Located at Lompoc, Calif.

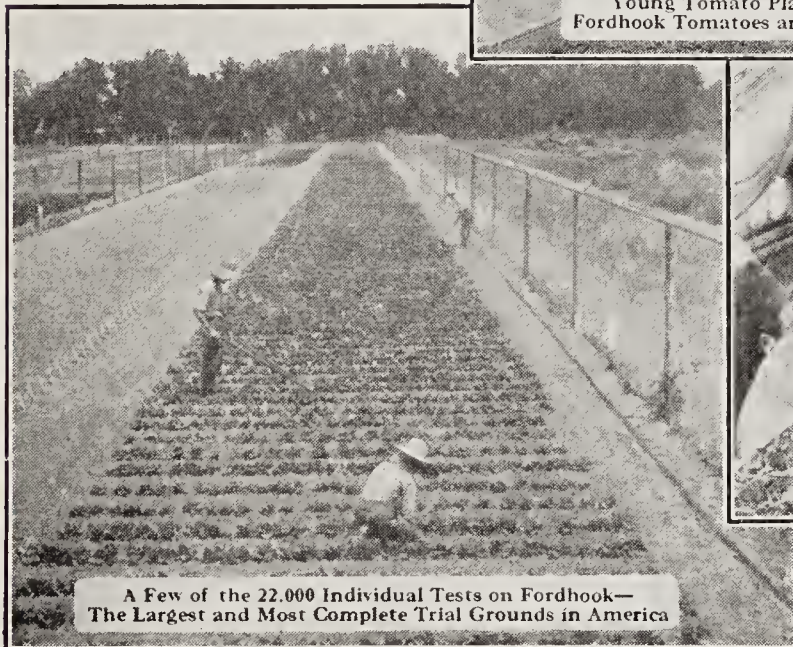

Floradale has been christened "The California Home of Flowers," so widespread has the fame of our western flower-seed farm and seed-breeding station become.

Many thousands visit Floradale every year to experience the pleasure of viewing acres upon acres of thousands of varieties of flowers spread out as far as the eye can reach. There are Petunias, Zinnias, Snapdragons, Asters, and of course that great Burpee specialty, Sweet Peas—hundreds of acres of them in the fertile Lompoc Valley where the rich deep soil, the equable climate, and copious dews combine to endow the seeds grown here with exceptional vigor and vitality.

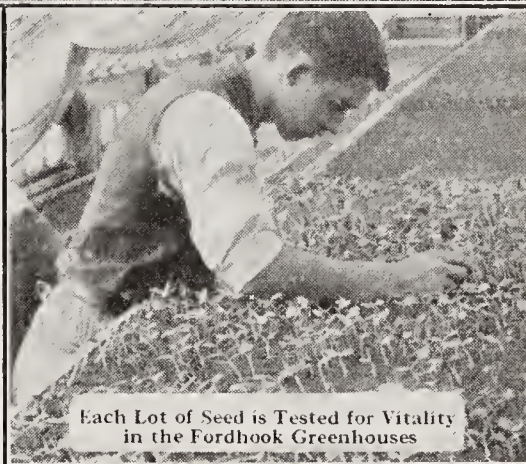

Floradale is considered by many as one of the wonders of America, and if any of our friends should go to California they can be assured of a cordial welcome.

# Burpee's EARLY FLOWERING SWEET PEAS

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 23 to 27. They are especially adapted for growing in frost-free sections, and for earliest blooms outdoors in the North and also valuable for winter flowering under glass. They are being planted more and more every year. If you live in a locality where the late Sweet Peas have not done well for you, try some Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep rich soil which must be well drained.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long strong stems and usually produced in sprays of four. To simplify selecting varieties, we have marked with a star (\*) those that we consider best in their color group.

One-half lb. of any variety at  $\frac{1}{2}$  the lb. rate;  $\frac{1}{4}$  lb. of any variety at  $\frac{1}{4}$  the lb. rate. Less than  $\frac{1}{4}$  lb. at the oz. rate;  $\frac{1}{2}$  oz. at  $\frac{1}{2}$  the oz. rate where the price per oz. is 20¢ or more. Where the price per oz. is 15¢, we will sell  $\frac{1}{2}$  oz. for 10¢. We will not sell  $\frac{1}{2}$  oz. where the price per oz. is 10¢.
